## Compulsory Student Declaration Details:

### Plagiarism
Plagiarism is the act of representing as one's own original work the creative works of another, without appropriate acknowledgment of the author or source.

### Collusion
Collusion is the presentation by a student of an assignment as his or her own which is in fact the result in whole or in part of unauthorised collaboration with another person or persons. Collusion involves the cooperation of two or more students in plagiarism or other forms of academic misconduct. Both the student presenting the assignment and the student(s) willingly supplying unauthorised material (colluders) are considered participants in the act of academic misconduct.

For examples of plagiarism and collusion and academic misconduct please see the University’s policy on Academic Honesty and Plagiarism: [https://academichonesty.unimelb.edu.au](https://academichonesty.unimelb.edu.au)

Plagiarism and collusion constitute cheating. Disciplinary action will be taken against students who engage in plagiarism and collusion as outlined in University policy. Proven involvement in plagiarism or collusion may be recorded on a student’s academic file in accordance with Statute 13.1.18.

### Student Declaration
Please tick to indicate that you understand the following statements:

I declare that:

- I carefully have read the document “First Year Physics Assignments, What Collaboration is OK? What should I reference, and how?”
- This assignment is my own original work, except where I have appropriately cited the original source.
- This assignment has not previously been submitted for assessment in this or any other subject.

For the purposes of assessment, I give the assessor of this assignment the permission to:

- Reproduce this assignment and provide a copy to another member of staff; and
- Take steps to authenticate the assignment, including communicating a copy of this assignment to a checking service (which may retain a copy of the assignment on its database for future plagiarism checking).
