Excerpt from Subject information provided at the beginning of semester

Assignment extensions: any requests for extension to the due date for the assignment are submitted to the Director of First-Year Studies, using the form available on the LMS Assessment resources page. Since students are expected to be planning their work to meet the submission deadline, extension requests must be submitted at least three days before the due date. Consideration will be given to circumstances outside a student’s control that have significantly hampered their ability to complete the assignment by the due date.

Information about this application

Reason for application

Please outline the reasons for this request for extension, making clear the significant impact over the period of time from when the assignment was issued to the time of this application.
